

Introduced by Committee on Veterans Affairs (Senators Denham (Chair), Cedillo, Correa, Maldonado, Negrete McLeod, Wiggins, and Wyland)

February 26, 2009

An act to amend Section 699.5 of the Military and Veterans Code, relating to veterans.

LEGISLATIVE COUNSEL'S DIGEST

SB 418, as introduced, Committee on Veterans Affairs. Department of Veterans Affairs: contracts: veterans service organizations.

Existing law authorizes the Department of Veterans Affairs to assist every veteran of the United States and the dependent or survivor of every veteran in presenting and pursuing various claims against the United States arising out of war service, and in establishing any rights under the laws of the United States or this state. Existing law authorizes the department to cooperate and, with the approval of the Department of Finance, to contract with any veterans service organization, as defined, to pursue claims before federal agencies, and, pursuant to the contract, the department is authorized to compensate any veterans service organization for services rendered by it to any veteran or dependent or survivor of a veteran. Existing law also makes legislative findings and declarations regarding the use of the General Fund to provide compensation to veterans service organizations for these services until an increase in the annual budget for county veteran services officers has been achieved.

This bill would revise those legislative findings and declarations with regard to the use of General Fund moneys for that purpose until the annual budget for county veteran service officers reaches \$5,000,000.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 699.5 of the Military and Veterans Code
2 is amended to read:

3 699.5. (a) The department may assist every veteran of the
4 United States and the dependent or survivor of every veteran of
5 the United States in presenting and pursuing the claim as the
6 veteran, dependent, or survivor may have against the United States
7 arising out of war service and in establishing the veteran's,
8 dependent's, or survivor's right to any privilege, preference, care,
9 or compensation provided for by the laws of the United States or
10 of this state. The department may cooperate and, with the approval
11 of the Department of Finance, contract with any veterans service
12 organization, and pursuant to the contract may compensate the
13 organization for services within the scope of this section rendered
14 by it to any veteran or dependent or survivor of a veteran. The
15 contract shall not be made unless the department determines that,
16 owing to the confidential relationships involved and the necessity
17 of operating through agencies that the veterans, dependents, or
18 survivors involved will fail to be sympathetic towards their
19 problems, the services cannot satisfactorily be rendered otherwise
20 than through the agency of the veterans organization and that the
21 best interests of the veterans, dependents, or survivors involved
22 will be served if the contract is made.

23 (b) (1) The Legislature finds and declares that services provided
24 by ~~veteran~~ veterans service organizations play an important role
25 in the department's responsibilities to assist veterans and their
26 dependents and survivors in presenting and pursuing claims against
27 the United States, and that it is an efficient and reasonable use of
28 state funds to provide compensation to veterans service
29 organizations for these services.

30 (2) The Legislature further finds and declares that paragraph
31 (1) of this subdivision shall not be implemented by using the
32 General Fund until ~~an increase in~~ the annual budget for county
33 veteran services officers, ~~described in paragraph (2) of subdivision~~
34 ~~(d) of Section 972.1, has been achieved~~ reaches a minimum of five
35 million dollars (\$5,000,000). This subdivision ~~may~~ shall not be

1 construed to preclude the use of federal funding in implementing
2 these provisions.

3 (c) Veterans service organizations, that elect to contract with
4 the department in accordance with this section, shall document the
5 claims processed each year by the veterans service officers
6 employed by the veterans service organization at offices located
7 in California. The documentation shall be in accordance with
8 procedures established by the department.

9 (d) The department shall determine annually the amount of
10 monetary benefits paid to eligible veterans and their dependents
11 and survivors in the state as a result of the work of the veterans
12 service officers of the contracting organizations. Beginning on
13 January 1, 2006, the department shall, on or before January 1 of
14 each year, prepare and transmit its determination for the preceding
15 fiscal year to the Department of Finance and the Legislature. The
16 department shall also identify federal sources to support the efforts
17 of veterans service organizations pursuant to this section. The
18 Department of Finance shall review the department's determination
19 in time to use the information in the annual Budget Act for the
20 budget of the department for the next fiscal year.

21 (e) For the purposes of this section:

22 (1) "Survivor" means any relation of a deceased veteran who
